Industrial Finishing: It is necessary to make a water washing at 30°C for 2-3 min to make the panels shrink properly. We suggest to make a test to both water washing and to dry cleaning to check in advance the garment shrinkage and to set up the size.

Washing Instructions: Hand washing with neutral soap, avoid drenching.  
Rince with clean water 2-3 times after washing and dry in shade.  
No chlorine. Striped or jacquard knitwear, dry cleaning is recommend.
