FINISHING:	<u>· Washing for 10 min with some softener (Water temp. 35°C)</u> <u>· Dewatering for 1min</u> <u>· Tumble dry for 3min</u> <u>· Press with a lot of steam</u> <u>※ It is necessary to make specific trials in your own knits before starting</u> <u>production since the final result always depends on your equipment and</u> <u>the tension and stitch you choose.</u>
SPECIAL CARES:	<u>1. The cone should not be rewinded since not appropriate winding could</u> <u>jeopardize the yarn quality.</u> <u>2. This yarn is dyed in cones and it may have the color differences</u> <u>between inside and outside of cones. We recommend to knit with</u> <u>more thread guides. We pay attention to this color difference, and</u> <u>We are not able to guarantee this problem if you have.</u> <u>3. Striped or jacquard knitwear, dry cleaning is recommend.</u>
