SPECIAL CARES:	<ol style="list-style-type: none"> 1. The cone should not be rewinded since not appropriate winding could jeopardize the yarn quality. 2. This item is dyed in cones and it may have the color differences between inside and outside of cones. We recommend to knit with more thread guides. We pay attention to this color difference, and we are not able to guarantee this problem if you have. 3. Striped or jacquard knitwear, dry cleaning is recommend.
TECHNICAL RECOMMENDATION	We recommend knitting with double face stitches like half cardigan or full needles stiches. This item is mercerized with a special solvent. It has a cross-sectional structure that reflects light and gives it a luster. In the stretching process, some non-uniformity occurs and it causes the stripes or color unevenness with plain stitches (jersey stitches).
